

Direct debit (LSV)

This system enables GPAFI to debit your account for the amount of premiums and membership's fee due, according to agreed periodicity (monthly, quarterly, biannually or annually).

You need to have authorized in advance your bank to debit invoices from GPAFI, by signing a debit authorization in its favour (LSV form).

This system does not expose you to any risk. You have the right to contest the amount debited if you do not agree with it. You only need to contact your bank advisor within 30 days from receiving your account statement. You will be refunded the full amount on the same value date as the debit.

Your benefits

- You don't worry about the payment of your invoices
- No formality has to be carried out in case of change of amount
- Your payments are always made on time.
